

Activity Report, Sept 2022- May 2023

Main tasks of exploration:

- 1) Verify water level highest point at targeted areas
- 2) [Evaluate accessibility by road \(and boat\)](#)
- 3) Confirm identified areas for hospitality development.

NB: Click on locations to open photo and video database.

A) October 2022 Exploration: Highest Water Level in Siem Reap Area

Locations and activities for potential tourism developments in the wetlands of the provinces of Battambang and Siem Reap of the Tonle Sap Lake. Survey occurred from 19th August to 12th September 2022, during the middle of south-east monsoon season.

The rain was falling mostly every day in the afternoon, 1-2 hours, with frequent short rainshowers in the morning, the middle of the day, the evening, and overnight. One time it didn't rain at all for three days, while at other times it rained relentlessly for two days. Daytime temperatures exceed 32°C with nighttime lows near 26°C. Level of water is 82% of highest. Increasing of delta wetlands of lake around 30 km.

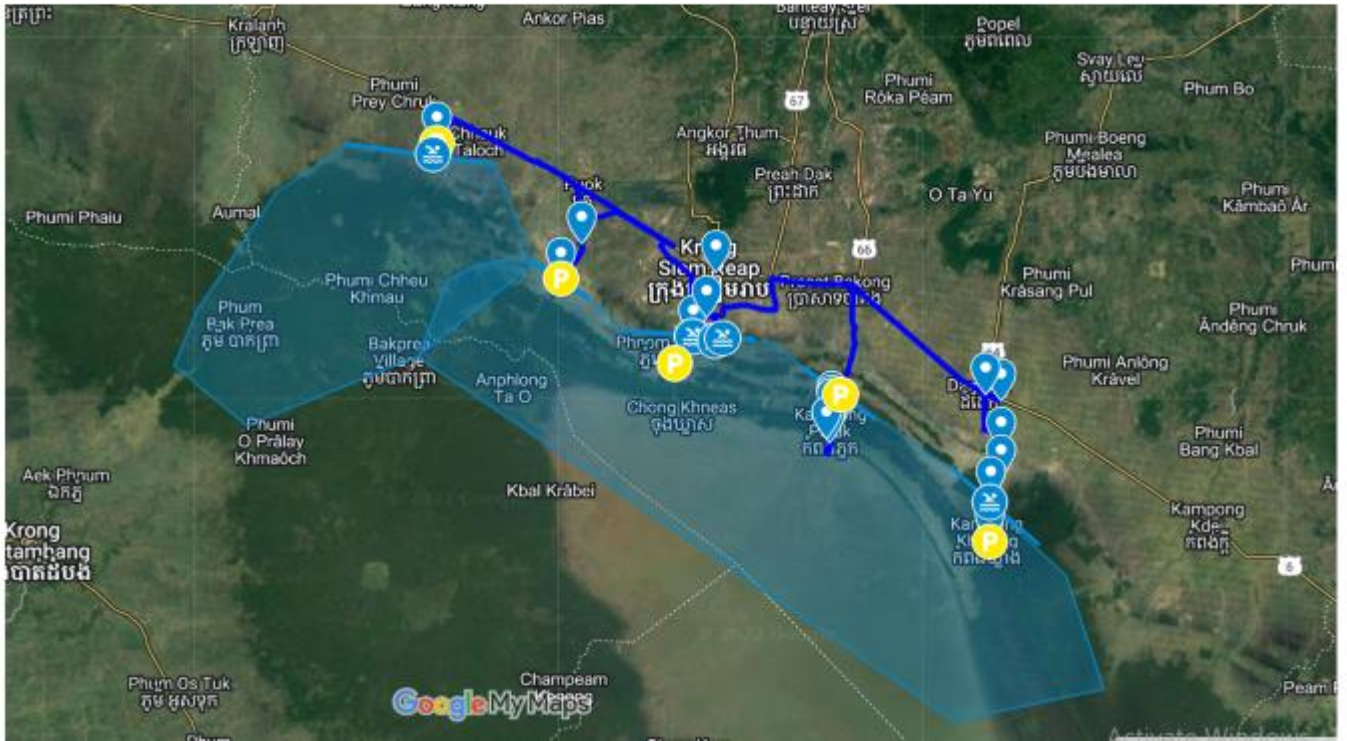

Name of explored sites:

1. Prey Chas Village (Serei Sophorn River, Battambang Province), include Bakprea village.
2. Prek Toal village (Sreng River, Battambang Province), include Tchwang district, Kampong Prahok village.
3. Prey Toal. Kbal Krobay. Bird sanctuary.
4. Mey Chrey village
5. Moat Kla village and nature and wildlife area
6. Kampong Pluk village
7. Kampong Kleang village
8. Chong Kneas village, include Prey Ksat flooded forest and Boeng Chhmar area.

Name of suggested boat tourist routes for the period of beginning of July to the middle of February:

1. Battambang – Bakprea - Prey Chas village (one day or 2 days, one night)
2. Siem Reap – Mey Chrey village (one day)
3. Siem Reap – Mey Chrey village – Prek Toal village- Prey Toal bird sanctuary (2 days, one night or more days)
4. Siem Reap – Chong Kneas village - Prek Toal village – Prey Toal bird sanctuary (one day)
5. Siem Reap – Chong Kneas village (one day)
6. Siem Reap – Chong Kneas village – Kbal Krobay - Prek Toal village- Prey Toal bird sanctuary (one day or 2 days one night)
7. Siem Reap – Kampong Pluk village (one day)
8. Siem Reap – Kampong Kleang village (one day)
9. Siem Reap – Kampong Kleang village – Meat Kla village (2 days, one night or more days)
10. Siem Reap – Kampong Kleang village – Kampong Pluk village (one day)

The highest water level in Tonle Sap Lake:
End of rainy season. October 7, 2022. Car road access map.

Prey Chas

1. Prey Chas village area. Distance to water edge from NR6: 4,52km (dirt road). Distance from SR Old Market: 35,9km. No parking area. No boat station.

Mechrey Village

2. Mechrey village area. Distance to water edge from NR6:11,42km. Distance from SR Old Market: 22,84 km. Parking area. Permanent boat station.

[Chong Kneas](#)

3. Chong Kneas village area. Distance from Siemreap Old market: 7,14km. Parking. Permanent boat station.

[Phnom Krom Area](#)

4. Phnom Krom area. Distance from Siemreap Old market: 5,46km. No parking. Temporary boat station.

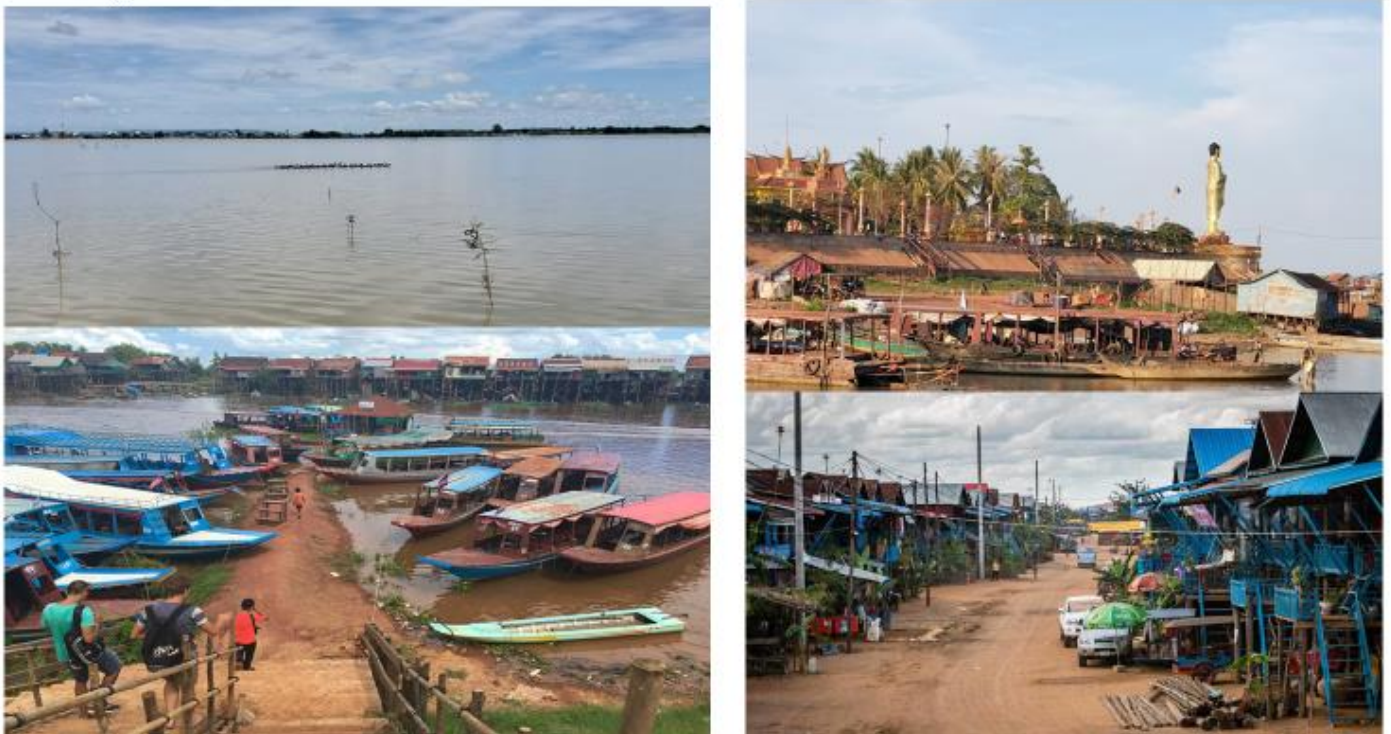

[Kampong Pluk Village & Area](#)

5. Kampong Pluk village area. Distance from NR6: 14,43km. Distance from SR Old Market: 27,9km. Parking. Permanent boat station.

[Kampong Kleang Village & Area](#)

6. Kampong Kleang village area. Distance from NR6: 11,2km. Distance from SR Old Market: 43,2km. Parking. Permanent boat station.

[The full Sept-Oct Exploration Report](#)

B) January 2023 Siem Reap & Battambang Explorations: High Season

Locations and activities for potential tourism developments in the wetlands of the provinces of Battambang and Siem Reap of the Tonle Sap Lake Survey have made from 5th January to 15th January, during the middle of south-east dry season. Daytime temperatures exceed 30°C with nighttime lows near 22°C. Level of water is 35% of highest. Increasing of delta wetlands of lake around 22 km. The land for rent or sell determined and confirmed with the commune chiefs.

Name of explored sites and average number of daily visitors :

1. Prek Toal village (Sreng River, Battambang Province). 80-100 people
2. Mey Chrey village (Siem Reap province). 130-150 people
3. Meat Kla village and wildlife area (Siem Reap province). 0-2 people
4. Kampong Pluk village (Siem Reap province). 400-600 people
5. Kampong Kleang village (Siem Reap province). ~200 people
6. Chong Kneas village, including Prey Ksat flooded forest and Phum Chhmar area (Siem Reap province) 200-300 people

Name of suggested tourist boat routes for the period of beginning of July to the middle of February:

1. Battambang – Bakprea - Prey Chas village (one day or 2 days, one night) – not popular route
2. Siem Reap – Mey Chrey village (one day) – not popular route. 10-20 tourist daily
3. Siem Reap – Mey Chrey village – Prek Toal village- Prey Toal bird sanctuary - average 80-100 tourists daily for one-day tour and 10-14 people weekly for one night stay. (60\$ for boat)
4. Siem Reap – Chong Kneas village - Prek Toal village – Prey Toal bird sanctuary (one day) – not popular route, because of expensive price (120\$ for boat)
5. Siem Reap – Chong Kneas village (one day) 300 people per day
6. Siem Reap – Kampong Pluk village (one day) most popular route. 600 people per day
7. Siem Reap – Kampong Kleang village (one day). 200 people daily
8. Siem Reap – Kampong Kleang village – Meat Kla village (2 days, one night or more days) – not popular route.
9. Siem Reap – Kampong Kleang village – Kampong Pluk village (one day) – 60-80 people per day

Scenery landscape and natural attractions of Tonlesap lake:

Sunset on open water
(Kampong Pluk, Kampong Kleang, Chong Kneas)

Large migratory birds (Nov,Dec,Jan)
(Prek Toal, Meat Kla)

Green rice fields at wetland area(Dec-Jan)
(Chong Kneas, Kampong Pluk,Kampong Kleang)

Open water (Kampong Pluk,
Kampong Kleang)

Trampyang (flooded bushes)
(Mey Chrey, Prek Toal, Meat Kla)

Flooded largest forest (Kampong Pluk,
Chong Kneas)

Zone 1. Mechrey, Prek Toal. Land, available for rent or sell confirmed

Zone #1 – Mechrey village, Prek Toal village

There are three areas of land available for rent and purchase that have potential for an eco-tourism investment.

Need to make notice to the chief of Prek Toal commune. Khum Chang 099302927 (Battambang).

Prek Toal Environmental Office Chief Chumnet 017539996

Land #1 (10 min boat ride to PrekToal village, 30 min boat ride to bird sanctuary,1.5 hour of car and boat rides to Siemreap)

Activity: Eco-lodge, restaurant, kayaking, bird watching, boat riding, sunset tour

Advantages:

1. Proximity to Prek Toal village and bird sanctuary
2. No competition points, no hotels, no restaurants
3. The average quantity of visitors are 100-130 people per day
4. Have clean water source at Prek Toal village
5. Have cultural attractions : village life, water glazinte handicrafts, floating gardens, fishing

Weakness:

1. No car accessible road
2. No flooded forest

Land #2 (40 min boat ride to PrekToal village, 1 hour 20 min boat ride to bird sanctuary, 45 hour of car and boat rides to Siemreap).

Activity: Eco-lodge, restaurant, kayaking, bird watching, boat riding, sunset tour

Advantages:

1. Proximity to Siemreap
2. No competition points, no hotels, no restaurants
3. The average quantity of visitors are 130-150 people per day
4. Have car accesseble road February – August

Weakness:

1. No flooded forest
2. No clean water

Land #3 (1 hour boat ride to Chong Kneas pier, 1 hour boat ride to bird sanctuary, 1 hour 30 min of car and boat rides to Siemreap).

Activity: Eco-lodge, restaurant, kayaking, bird watching, boat riding, sunset viewpoint, swimming, tree-top exploring trail.

Advantages:

1. Sunset view
2. Huge flooded forest

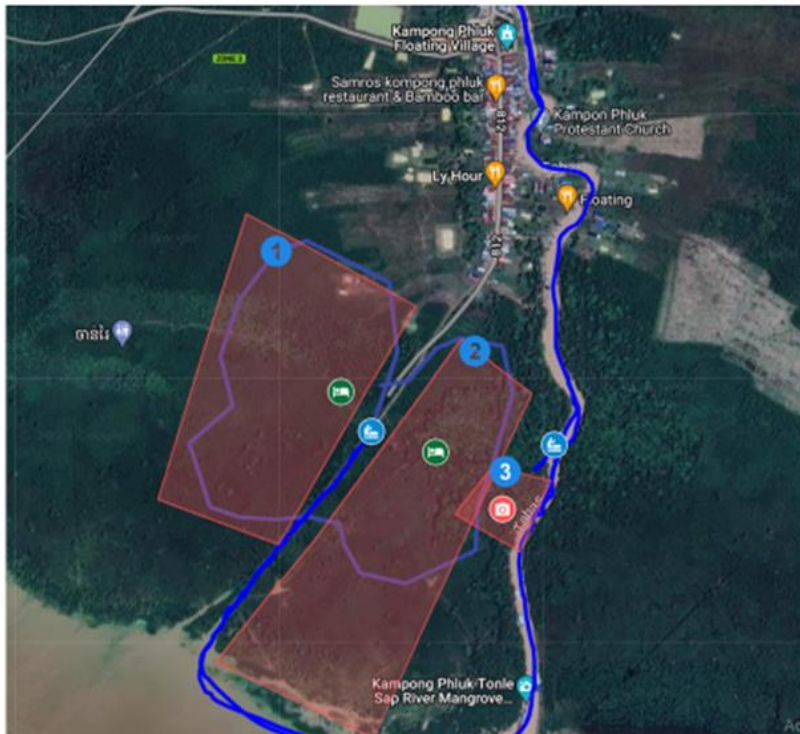

Weakness:

1. No car road
2. Far distance

Colonies of migrating birds Dec, Jan, Feb (Prek Toal)

Zone 3. Kampong Pluk. Land, available for rent or sell confirmed

Zone #3 – Kampong Pluk village. ~5000 people

After COVID-19 Kampong Pluk still village became most popular tourist place. In average 600-800 tourists visited Kampong Pluk everyday. There are three areas of land available for rent and purchase that have potential for an eco-tourism investment.

Need to make notice to the chief of Kampong Pluk commune.

Serei 092773498

Land #1 #2 2 hectares of flooded forest and open water area

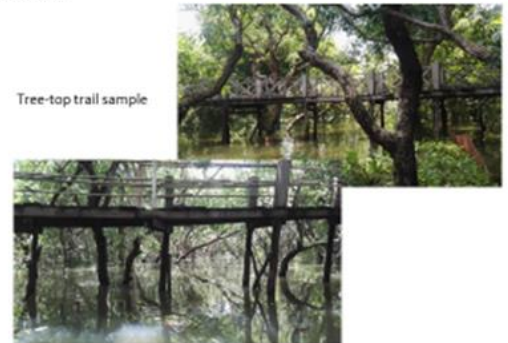

Activity: Eco-lodge, tree-top trail, sunset viewpoint

Advantages:

1. Proximity to Siemreap
2. The average quantity of visitors are 1000-1200 people per day before COVID-19
3. The average quantity of visitors are 600-800 people per day now.
4. Can make unique tourist attraction
5. Proximity to Kampong Pluk village
6. Accessible road during dry season

Land #3 Activity: Restaurant, kayaking, tree-top trail

Advantages:

Tree-top trail sample

Flooded forest Kampong Pluk (Land 3)
(down- January, up - October)

[The Full January 2023 Exploration Report](#)

C) April-May 2023 Exploration: Refining Priority Zones

1) Completing visits to Siem Reap Area

2) New dry season exploration for Battambang Area, including [Wat Ek-Ek Phnom](#)

Activity report (Tonlesap area exploration 18th April-10th May, 2023)						
Date	Target area	Time spent by car	Time spent by boat	Time spent on site	Team	Contacts of interest

3) 4 Zones with **14 identified resort development potential** locations are suggested:

Note: Accessibility, R= Road, B= Boat. October: High Water Level. January: Medium Water Level. April: Low Water Level. Red means not accessible, Yellow challenging, Green easy access.

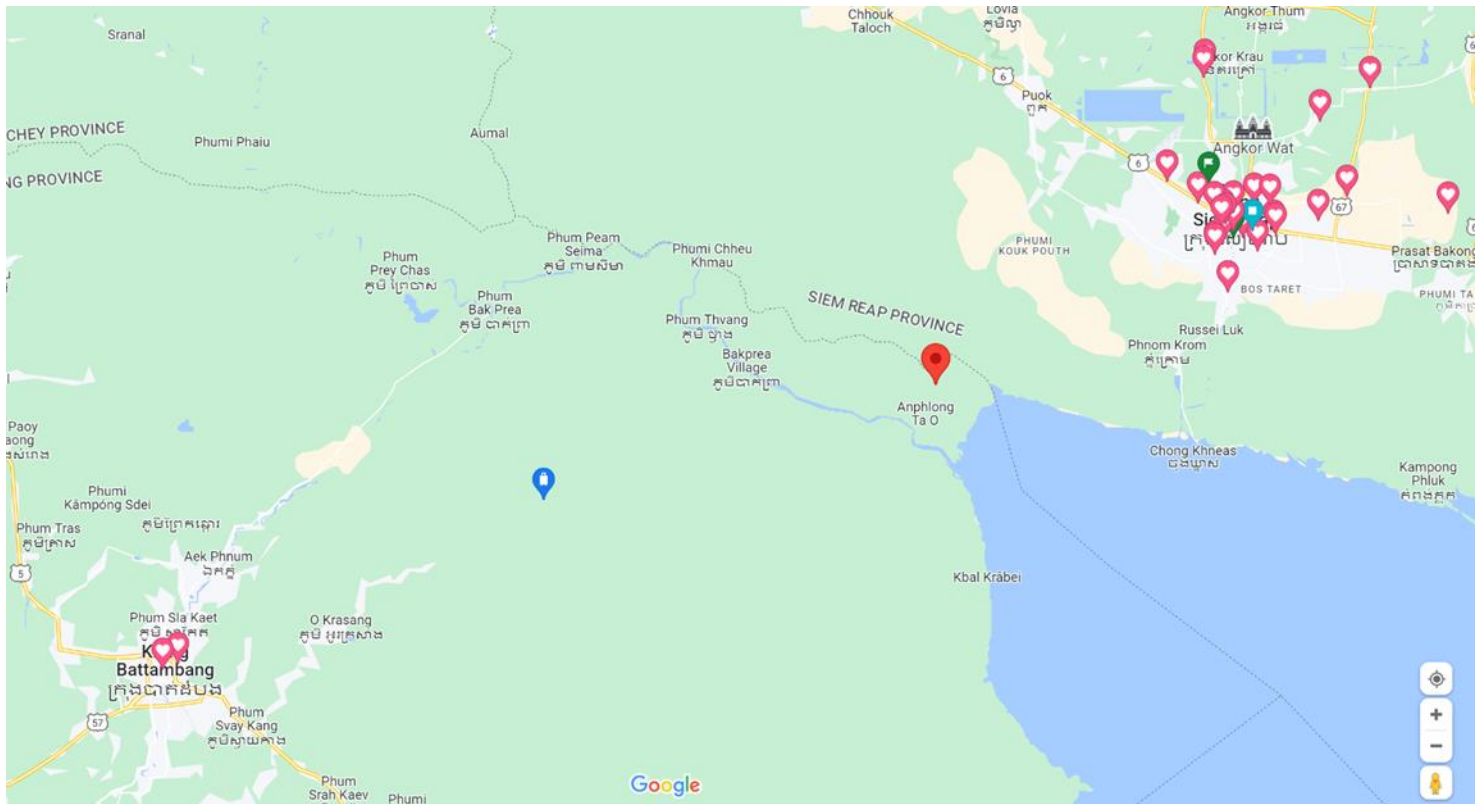

Zone #1 – Mechrey village, Prek Toal village

Land #1.1. Khum Chiveang

GPS: 13.26914, 103.67289

October	January	April

CAPFISH-Pavilion Lot1- Exploration Report (ends May 2023)

Distance: 10 min boat ride to Prek Toal village, 30 min boat ride to Tonle Sap biosphere bird sanctuary, 30 min boat ride to Mechrey boat station and 1 hour of car driving to Siem Reap.

Distance during dry season March, April, May: 10 min boat ride to Prek Toal village, 30 min boat ride to Tonle Sap biosphere bird sanctuary, 10 min boat ride to Mechrey boat station (Mechrey pagoda) and 1.45 hour of car driving to Siem Reap.

Highlights:

Nature flooded grass field and bushes with many of huge trees

Clean fresh water

Sunrise and sunset viewpoints

Bird sanctuary Dec-May

Opportunities for investments:

Floating eco-lodge

Birdwatching point (include restaurant)

Kayak rental station

Floating villages of Sangker River boat excursion: one-day tour service

Tonle Sap Biosphere reserve bird sanctuary boat excursion: one-day tour service

Contacts:

Chief of Prek Toal commune Khum Chang 099302927 (Battambang).

Prek Toal Environmental Office Chief Chumnet 017539996

Advantages:

1. Proximity to Prek Toal village and bird sanctuary
2. No competition points, no hotels, no restaurants
3. The average number of visitors is 100-130 people per day
4. Have clean water source at Prek Toal village

5. Have many activities and cultural attractions: village life, water hyacinth handicrafts, floating gardens, fishing

January

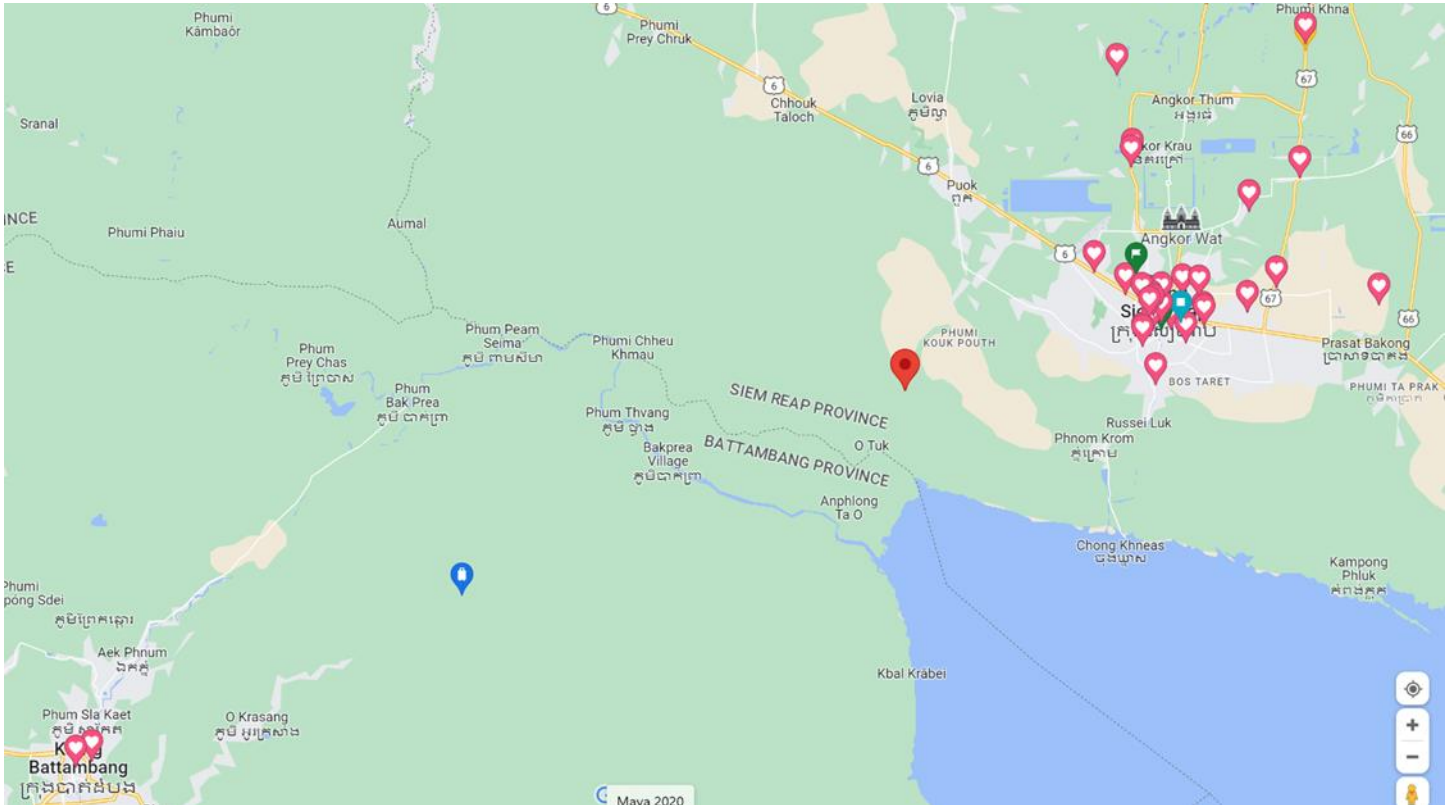

October

Land #1.2 Kev Poar

GPS: 13.3206, 103.7003

October	January	April

Distance: 45 min boat ride to Prek Toal, 1.15-hour boat ride to Tonle Sap biosphere bird sanctuary, 20 min boat ride to Mechrey boat station and 1 hour of car driving to Siem Reap.

Distance during dry season March, April, May: 40 min boat ride to PrekToal village, 1.15 min boat ride to Tonle Sap biosphere bird sanctuary, 5 min boat ride to Mechrey boat station (Mechrey pagoda) and 2 hours hour of car driving to Siem Reap.

Highlights:

- Nature flooded grass field and bushes
- Clean fresh water
- Sunrise and sunset viewpoints
- Bird sanctuary Dec-Feb

Opportunities for investments:

- Floating eco-lodge
- Restaurant and viewpoint
- Birdwatching point (include restaurant)
- Floating villages of Sangker River boat excursion: one-day tour service
- Tonles Sap Biosphere reserve bird sanctuary boat excursion: one-day tour service

Contacts:
